Due April 28

# ACADEMIC CHALLENGE

---

## Culture Festival Projects

You can choose any country you like, from your heritage or a country that interests you. If you could go to any country in the world, where would it be?

Make a display of your country. Projects are due April 28. Bring it to your classroom for sharing then they will be displayed in the multi-purpose room on April 28 during the Culture Festival and potluck.

You will be setting up your display on a table so it must be able to stand by itself. Flat posters will not work. Tri-fold posterboard works well but is not required. BE CREATIVE!!

You Must Include:

1. Your name clearly shown.
2. Name of country clearly shown.
3. Where is country located? Include a map with your country clearly identified.

You May Choose to Include:

- Historical and interesting sites to visit.
- Language spoken. How do you say hello?
- Flag and its meaning. (flagspot.net)
- Famous people from your country.
- Climate – what’s the weather like?
- Food – what do they eat?
- Holidays and celebrations.
- Current events from your country.
- Important history or landmarks.
- Myths or stories.

Fun Ideas:

- Use boxes, legos, k’nex or other materials to make a model of a famous building.
- Make paper dolls dressed in costumes from your country.
- Make a relief map or a diorama.
- Show a recipe for a food that is commonly eaten in your country.

**Parents:** Please allow children to complete their own project. Helping a kindergartner with their handwriting is appropriate. Helping a 3<sup>rd</sup> grader with their handwriting is not.
